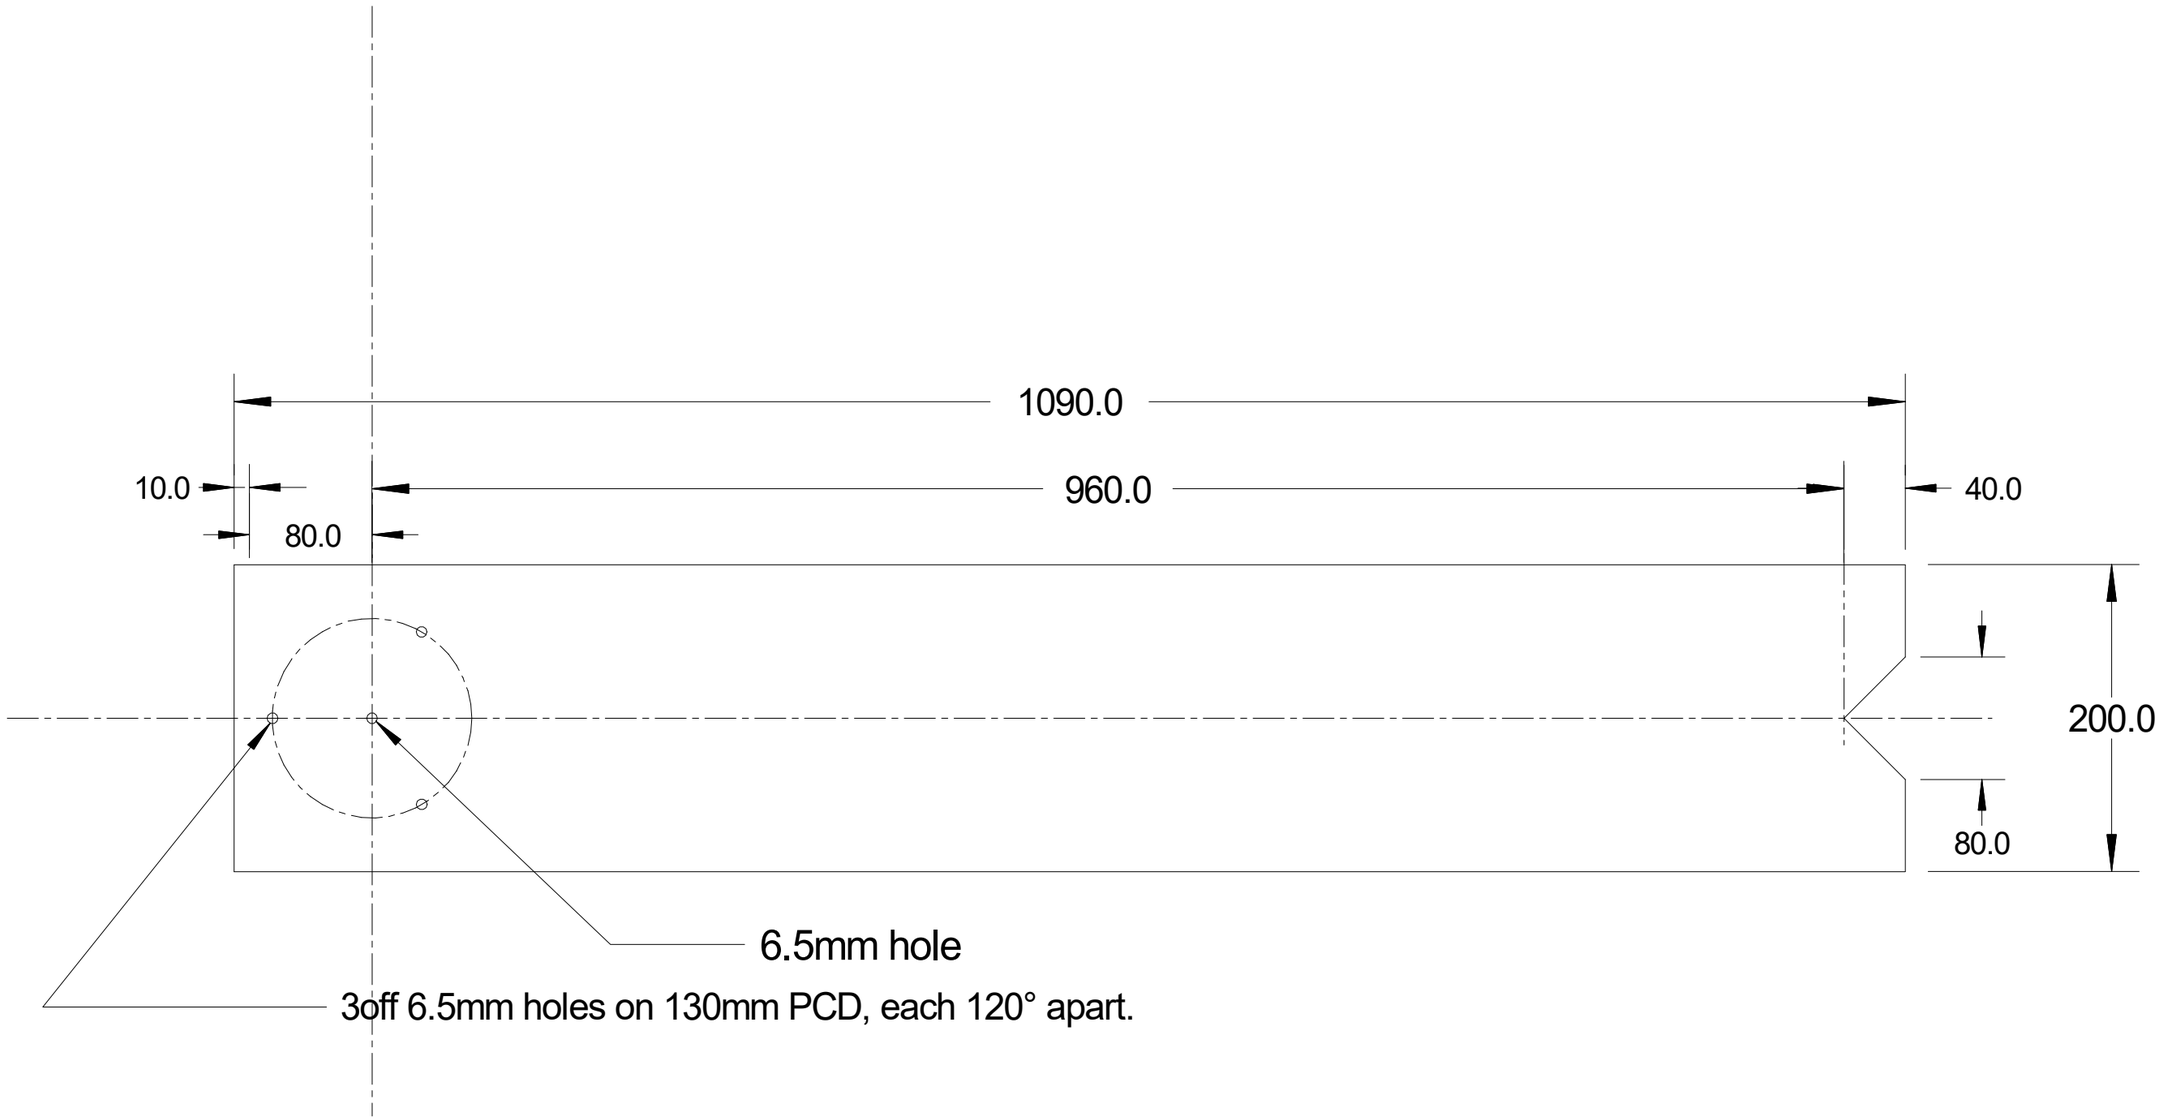
Kiddigate

Material: 1.2mm galvanised steel

This drawing may be used to measure out the locations for the Kiddiegate mounting holes.
The "V" shape indicates where the centre of the tip of the Kiddiegate arm should land when closed.

A steel template is available from DDS - contact sales@directionaldata.co.uk or 0141 945 4243



Post/Floor Template for Kiddiegate (PERCo WHD-05)	Drawing Ref. 10401		Issue No.
